**Tax &  
Legal**

**Our network of experienced professionals** can assist you in achieving your goals across a wide spectrum of tax and legal activities and helps you deal with the rapidly increasing complexity of the Greek tax, legal and regulatory environment. We combine a strong understanding of your business and economic environments with specialist tax and legal knowledge on a worldwide scale.

Understanding the complexities, we help companies identify and reduce tax risks; comprehend and meet their compliance obligations; implement tax strategies that complement their business and operational objectives; resolve disagreements with tax authorities when they arise; and manage tax accounting and reporting issues.

More than that, we have an integrated approach through our innovative solutions and practices and legal expertise embedded in the PwC global network's wider capabilities. Our offering of tailored services complement your vision and mirror your way of working, adapting and aligning with your business objectives to reduce costs, increase efficiencies, and mitigate risk, and help create economies of scale.

**Audit &  
Assurance**

**We help you navigate regulatory complexity** and strengthen trust and transparency. By bringing new perspectives, harnessing specialised knowledge of your business, industry and regulations we deliver deeper insights and advice across your organisation.

We approach your audit with a deep and broad understanding of your business, the industry in which you operate, and the latest regulatory standards. We consider the risks your company faces, the way management controls these risks and the transparency of your company's reporting to stakeholders.

Our thorough understanding of the regulatory framework and legislation enables us to help with complex business requirements and ensure compliance.

## Advisory

**We are world-class transformation consultants** with capabilities based on trusted relationships, deep industry knowledge and professional experience. We bring together a range of functional skills in strategy, operations, finance, HR management, risk and technology. By taking time to understand your business and the issues and challenges you are facing, our Advisory team uses local and global knowledge to help you challenge conventions, introduces and delivers strategies that work specifically for you.

When it comes to Deals, we assist you in transforming your businesses with a full range of related services across the business lifecycle. Additionally, our Business Process Outsourcing Services meet your business needs through tailored solutions in accounting outsourcing, payroll services and IFRS reporting.
