

**Nikolaos Kourogenis, Ph.D.**

Department of Banking and Financial Management  
School of Finance and Statistics  
University of Piraeus

80 Karaoli & Dimitriou str., 18534 Piraeus, Greece.

Tel: +30 210 4142142

email: nkourogenis@yahoo.com and nkourog@webmail.unipi.gr

<https://bankfin.unipi.gr/faculty/nikolaos-kourogenis/>

**Current Academic Positions:**

**2020 - currently: Professor of Quantitative Methods in Finance**  
University of Piraeus, Department of Banking and Financial Management

**1/2020 – currently: Department Chair**  
University of Piraeus, Department of Banking and Financial Management

**Other Positions:**

**Current:**

**9/2018 – currently: Director of the MSc program** “The Financial and Institutional Framework of Capital and Money Markets”, University of Piraeus, Department of Banking and Financial Management

**9/2018 – currently: Director of the MSc program in** “Banking and Finance”  
University of Piraeus, Department of Banking and Financial Management

**1/2020 - currently: Member of the Senate** of the University of Piraeus

**Past:**

**11/2017-12/2019: Alternate Department Chair**  
University of Piraeus, Department of Banking and Financial Management

**12/2013 – 2/2018: Director of the PhD Program**  
University of Piraeus, Department of Banking and Financial Management

**2/2012 – 6/2012: Research affiliate, University of Amsterdam,** Department of Quantitative Economics

**9/2011 – 2/2012 και 8/2012 – 8/2013: Member of the Senate** of the University of Piraeus

**9/2010 – 2/2012: Member of the Research Committee** of the University of Piraeus

**2007 - 2016: Departmental coordinator of Erasmus programme**

## **Work experience:**

### **2016 – 2020: Associate Professor**

University of Piraeus, Department of Banking and Financial Management

### **2013 - 2016: Assistant Professor (tenured)**

University of Piraeus, Department of Banking and Financial Management

### **2009 - 2013: Assistant Professor**

University of Piraeus, Department of Banking and Financial Management

### **2004 – 2009 Lecturer**

University of Piraeus, Department of Banking and Financial Management

### **2002 – 2004 Senior Statistician / Strategic Marketing consultant**

Emporiki Bank (Credit Agricole Group), Strategic Marketing Division

### **2000 – 2002, Adjunct Professor**

University of Crete, Department of Applied Mathematics

### **2000 – 2001, Post-doctoral Researcher / Scholarship of the State Scholarships Foundation (IKY),**

National Technical University of Athens, School of Applied Mathematical and Physical Sciences

## **Education:**

Ph.D., Applied Mathematics, National Technical University of Athens, 1999

B.Sc., Mathematics, National and Kapodistrian University of Athens (University of Athens), 1995

## **Scholarships - Grants:**

1994 NATO scholarship, Von Karman Institute for Fluid Dynamics, Belgium.

1995-1998 Ph.D., Papakyriakopoulos Scholarship – National Technical University of Athens, Greece.

2000-2001 Scholarship of the State Scholarships Foundation (IKY) for Post-doctoral Research, Greece.

## **Publications in refereed journals and volumes:**

### **Other publications:**

- 33) Koundouri, P., Davila, O.G., Stithou, M., Babalos, V., Xepapadeas, A., Anastasiou, I., Antypas, A., Kourogenis, N., et al. (2017) Methodology for integrated socio-economic assessment of multi-use offshore platforms. In Koundouri, P. (ed.) *The Ocean of Tomorrow: Investment Assessment of Multi-Use Offshore Platforms: Methodology and Applications* – Vol. 1, 11-26. Basingstoke, England: Springer.
- 34) Kourogenis, N. (1995). Validation of a 2D multidimensional upwind Euler solver with the cell-centered finite volume code RAMPANT, *Von Karman Institute for Fluid Dynamics report*.

### **Working Papers:**

- 1) Koundouri P., Chatzistamoulou N., Davila G., Giannouli A., Kourogenis N., Xepapadeas A., Xepapadeash A. P. Open Access in Scientific Information: Sustainability Model and Business Plan for the Infrastructure and Organisation of OpenAIRE. (Submitted, Journal of Benefit-Cost Analysis).
- 2) Kourogenis, N. Inference in Vector Autoregressions under Nonstationary Volatility around Nonlinear Trends.
- 3) Antypas, A., Koundouri, P., Kourogenis, N. On the Use of Quadratic Trends in Natural Resource Prices' Modelling.

4) Antypas, A., Caporale, G. M., Kourogenis, N., Pittis, N. Selectivity, market timing and the Morningstar star-rating system.

### **Books:**

Kourogenis, N., Chrysikopoulos, S., 2010, “*Computers and Applications*” (in Greek), Varvarigou publishers.

### **Refereeing:**

Econometric Theory, American Journal of Agricultural Economics, Economics Letters, Agricultural Economics, Dynamic Systems and Applications, British Accounting Review, Economics, Mathematics of Computation, Journal of Applied Analysis, Environmental and Resource Economics.

### **Invited presentations and presentations in international conferences:**

- 1) “Estimation of conditional asset pricing models with integrated variables in the beta specification: Mutual fund performance and the Morningstar star-rating system”, 5th-ICMS conference, Istanbul, May 24 2019.
- 2) “Time-disaggregated dividend-price ratio and dividend growth predictability in large equity markets”, Academic Seminar of the Department of Accounting and Finance, University of Strathclyde, Glasgow, 18 November 2014.
- 3) “Dividend predictability in large markets: A mixed data sampling approach”, 7th International conference on Computational and Financial Econometrics, London, UK, 13-16 December 2013.
- 4) “Revisiting Dividend Growth Predictability via Dividend Yield”, ICABE 2013, 2-4 October 2013, New York.
- 5) “Inference on Stable VAR around Nonlinear Trends under Nonstationary Volatility”, invited presentation at the Econometric Seminar of the Department of Quantitative Economics, University of Amsterdam, March 2012, and 23rd (EC)2- Conference, 14-15 December 2012, Maastricht.
- 6) “Persistent stochastic betas and the statistical properties of stock returns”, 5th International conference on Computational and Financial Econometrics, London, UK, 19-22 December 2011.
- 7) “Volatility Trends and Optimal Portfolios: the Case of Agricultural Commodities”, XIIIth Congress of the European Association of Agricultural Economists, Zurich, Switzerland, ETH Zurich, August 30 to Sept. 2, 2011.
- 8) “On the stationarity of exhaustible natural resource prices: Misspecification effects”, 71st International Atlantic Economic Conference, Athens, Greece, 16-19 March 2011.
- 9) “Inference in autoregressive models around polynomial trends of unknown order, under non-stationary volatility”, 4th International conference on Computational and Financial Econometrics, London, UK, 10-12 December 2010.
- 10) “Selectivity, Market Timing and the Morningstar Star-Rating System”, 64<sup>th</sup> European Meeting of the Econometric Society, Barcelona, Spain, 23-27 August 2009.
- 11) “Estimation and Hypothesis Testing of a Cointegrating Vector Under a Possible Variance Break”, 2008 Latin American Meeting of the Econometric Society, Rio de Janeiro, Brazil, November 20-22 2008.

- 12) “Testing for a unit root under errors with just barely infinite variance”, 63rd European Meeting of the Econometric Society, Milan, Italy, 27-31 August 2008.
- 13) “A single-equation cointegration estimator robust to variance breaks”, 62<sup>nd</sup> European Meeting of the Econometric Society (EEA-ESEM 2007), Budapest, August 27-31, 2007.
- 14) “Necessary and Sufficient Conditions for the Stability of the AR(1) Process with an MA(1) Coefficient”, 4th Conference of the Hellenic Finance and Accounting Association (HFAA2005), Piraeus, December 16-17, 2005.
- 15) “Testing for a Unit Root in Models with Asymptotically Unbounded Innovation Variance”, Unit Root and Cointegration Testing Conference, Faro, Portugal, September 28 – October 1, 2004.
- 16) “Limiting Distributions for First-order Autoregressions with Asymptotically Unbounded Error Variance”, Conference on Research on Economic Theory and Econometrics, Ermoupolis, Syros, Greece, July 12-15, 2004.

### **Other presentations:**

- 1) “Portfolio Management for Long Term Investors”, University of Piraeus (2003).
- 2) “Critical Point Theory for Locally Lipschitz Functionals”, University of Crete (2002).
- 3) “Generalized Boundary Conditions for Boundary Value Problems”, University of Crete (2001).
- 4) “Existence of Multiple Solutions in Nonlinear Elliptic Problems at Resonance”, National Technical University of Athens (1998).

### **Participation in research programs:**

- 1) “Integrated Management for the ASOPOS River Basin (Greece): Economic Efficiency, Social Equity and Environmental Sustainability.” Funded by The National Bank of Greece. (Partners: Andreas Papandreou Foundation, Athens University of Economics and Business, The Goulandris National History Museum, Greek Biotope/Wetland Centre, University of Cambridge, University of Venice, and many other European, US and Australian Universities, <http://www.aueb.gr/users/resees/aswposproj.html> (2009-2012).  
Position: Researcher.
- 2) “MERMAID: Innovative Multi-purpose Offshore Platforms planning Designing and operation (FP7-OCEAN-20011).” European Commission, DG Research and Innovation, 7th Framework Programme: Directorate H - Transport (including Aeronautics). (2012-2016).  
Position: Senior Researcher.
- 3) “OpenAIRE project on Open Access to Scientific Research.” European Commission, <https://www.openaire.eu> .  
Position: Senior Researcher (as a member of the ICRE8 core research team).
- 4) “Possible Options & Recommendations toward the Establishment of an Integrated & Affordable MSWM System in the Hashemite Kingdom of Jordan.”  
Position: Senior Researcher (as a member of the ICRE8 core research team).

### **Supervision of dissertations:**

#### Ph.D. level:

Georgios Mavromatis (supervisor)

Georgios Spais (supervisor)

M.Sc. level:

Supervision of Master's Theses since 2008.

(M.Sc. in Banking and Financial Management, Department of Banking and Financial Management, University of Piraeus)

**Teaching:**

Graduate:

Quantitative Methods (Univ. of Piraeus, M.Sc. level and Ph.D. level)

Econometrics (Univ. of Piraeus, M.Sc. level and Ph.D. level)

Time Series Analysis (Univ. of Piraeus, M.Sc. and Ph.D. level)

Special topics in finance – risk management ((Univ. of Piraeus, M.Sc. level)

Bank Marketing (Univ. of Piraeus, M.Sc. level)

Financial Econometrics (University of Piraeus, M.Sc. level)

Undergraduate:

Econometrics (University of Piraeus)

Stochastic Calculus (Univ. of Piraeus)

Econometric Analysis of Time Series (Univ. of Piraeus)

Introduction to Computer Science (Univ. of Crete)

Introduction to Numerical Algorithms / Advanced Programming (Univ. of Crete)

Numerical Solutions of Ordinary Differential Equations (Univ. of Crete)

Computer Science (Univ. of Piraeus)

Statistics III (Univ. of Piraeus)

Infinitesimal Calculus I (Univ. of Piraeus)

Mathematics I, II, and III (Univ. of Piraeus)

Partial Differential Equations (Univ. of Crete and Hellenic Naval Academy)

Linear Algebra I (Univ. of Crete)
