powered by NextWise

Learn, trade, grow.

# About the Euronext Trading Game

A trading simulation challenge designed to help students learn and navigate the complexities of financial markets.

Higher education students in Belgium, France, Greece, Ireland, Italy, the Netherlands, Norway, and Portugal.

Shaping a generation of European market participants who value collaboration, integration and competition.

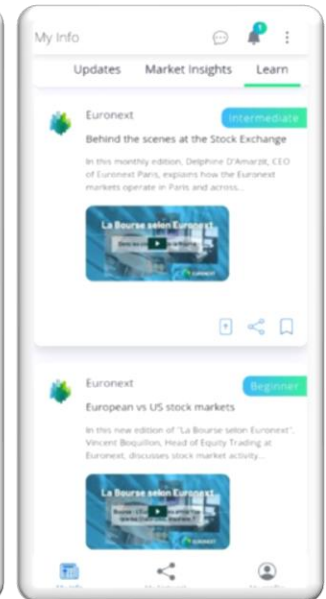

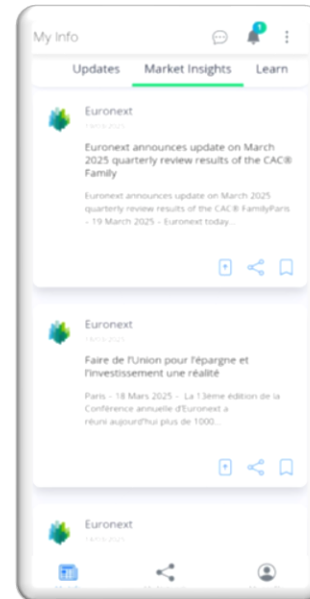

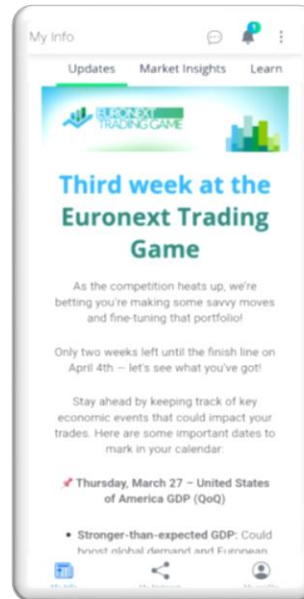

# Educational Approach

A truly immersive educational experience centered around portfolio management

By the end of the Game, students will have...

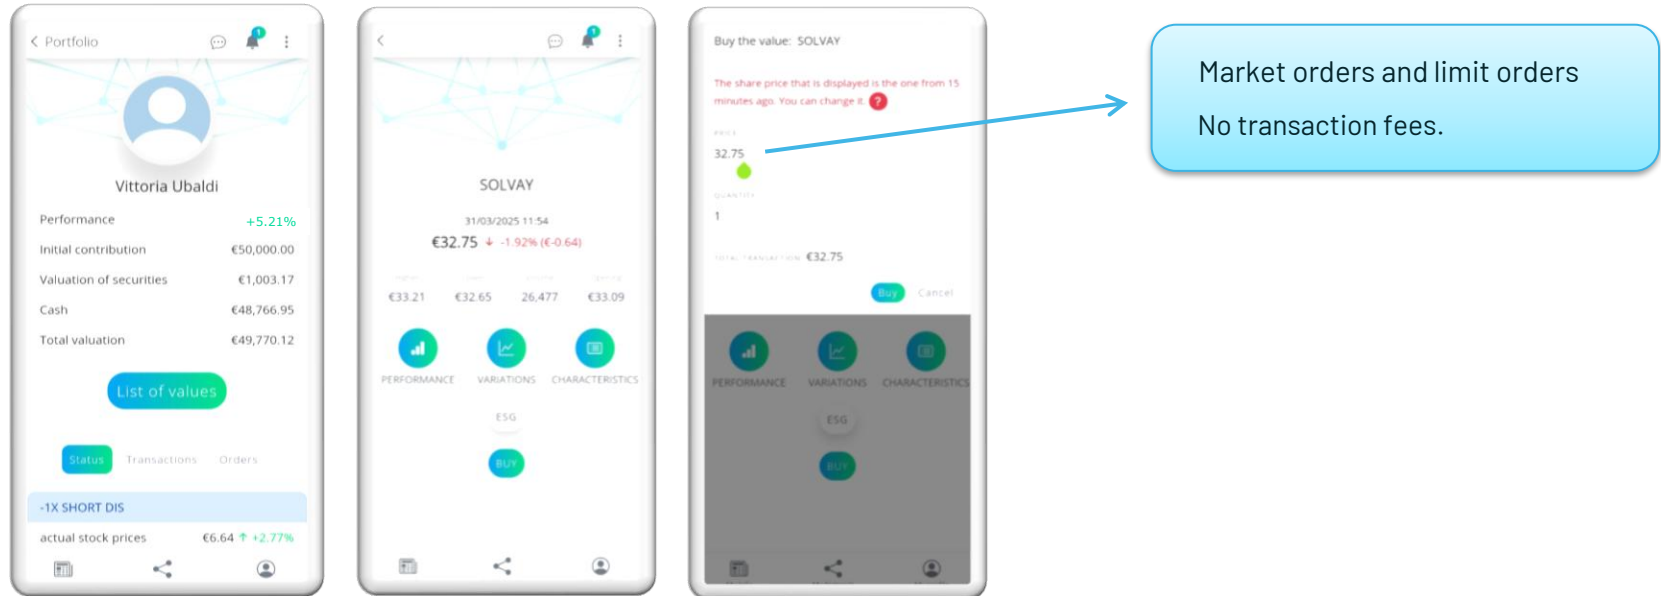

- 1 Understood and practiced core financial concepts
- 2 Enhanced their understanding of market dynamics
- 3 Received guidance and support from experts in their investment journeys.

No recommendations will be provided on products or companies to invest in.

# Learning by Doing

Allowing participants to step into the real-life experience of being an investor, with a virtual endowment to invest in equities and ETFs in Euronext's 7 marketplaces\*

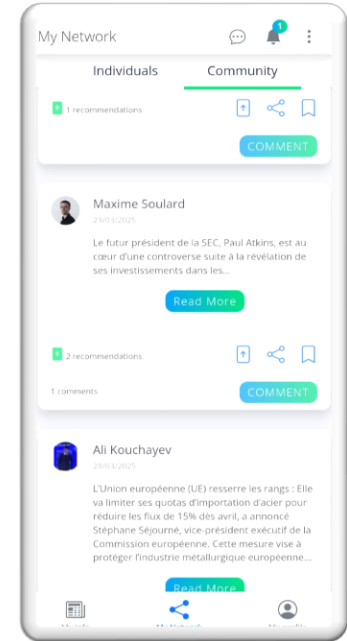

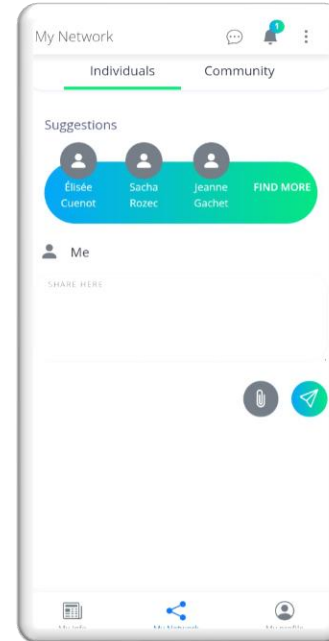

# Fostering a Collaborative Community

Cooperation and knowledge exchange for a resilient financial ecosystem.

Participants will be able to...

- 1 Share interesting content, articles, and posts from within and outside the platform
- 2 Interact in a dedicated feed with participants from all 8 countries
- 3 Build connections with like-minded individuals across diverse backgrounds

# Competition Structure

## Participation Modes

### Individual

- Individual participation
- Virtual endowment of €50,000

### Club

- Team of 5 to 7 members
- Virtual endowment of €200,000
- Individual investors can entrust cash to clubs

## National Competition

Each stream will compete at the national level, with the top participant from each advancing to the European Final.

## European Final

The European Final will feature a pitch battle with local winner(s) presenting their investment strategy.

# Classification

1

*APTimum*<sup>®</sup>

Quantitative

National Ranking

- Gross Performance

The Euronext Trading Game is powered by **NextWise's** technology.

**Register for the second edition in October 2026. Download the NextWise app now!**

**7000+ students in the first edition**

*"The Euronext Trading Game pushed me out of my comfort zone.*

*I learned how to develop and articulate an investment thesis, how to interpret and apply insights from an APT report, and what it takes to create a compelling pitch presentation.*

*Every student can take something valuable away from this initiative!"*

Matteo Sparisci, Tilburg University, the Netherlands.  
European winner of the pilot edition.

## About Euronext

Euronext is the leading European market infrastructure, operating seven major stock exchanges across Europe: Belgium, France, Greece, Italy, Ireland, Norway, the Netherlands, and Portugal.

It provides a platform for listing and trading a wide range of financial products, including equities, derivatives, bonds, and exchange-traded funds (ETFs). It also offers post-trade clearing, settlement & custody services.

Euronext plays a vital role in facilitating capital-raising for companies of all sizes, from large corporations to smaller businesses, enabling them to secure financing for sustainable growth. It connects investors with opportunities to allocate savings to listed investment products, driving the flow of capital across European markets.

Euronext's corporate purpose is to shape capital markets for future generations. The Euronext Trading Game is part of Euronext's commitment to promoting financial literacy and education across Europe through the Euronext Foundation.

## About NextWise

NextWise is a fintech committed to enhancing financial education. Their program is designed to make financial markets more accessible and understandable specially for students with a highly approach to investment.

Euronext is partnering with NextWise, building on NextWise's experience in providing financial literacy training which has already reached nearly 4,000 students through their "Next Challenge" initiative.

Euronext Trading Game will be hosted by NextWise's app and platform.
